English opens a world of opportunities ...

At Greenhithe School our friendly, talented teachers give effective and enjoyable lessons, as well as plenty of individual attention to every student.

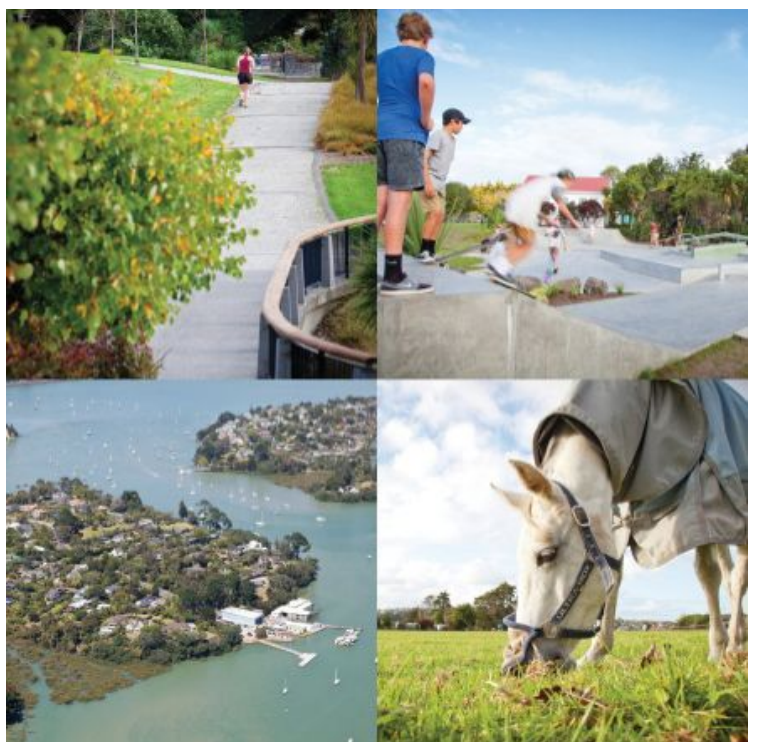

We offer comfortable, well-equipped learning environments for our students in a beautiful, peaceful location and less than 20 minutes from Auckland City – the third most liveable city in the world.

Communicating inside and outside the classroom with Kiwi kids, you have fun, learn faster and make wonderful friendships. In addition, students can improve their English through the extensive array of sports and extra curricular activities on offer. It isn't just a place to learn English, it is an experience that can't be bought.

The ESOL department provides specialised support for children who have limited prior learning in English to help you succeed, whatever level of English you have when you arrive at our school. You will be tutored in reading and language comprehension, writing, speaking and listening. You will also learn to write and perform speeches. You will have the chance to use English in as many ways as possible.

Our staff and students are friendly and welcoming. This makes a safe environment in which to immerse yourself in Kiwi culture and language.
