The Greenhithe School Art Exhibition is approaching fast and the theme of this year's event is "Sharing Our world". Soon our school hall will become a showcase for masterpieces inspired by artists from six of our continents. We look forward to welcoming our community, friends and family to visit and wonder over the creations. Every child will have something marvellous on display, the variety of work will include sculpture, paintings, collage and weaving. There will be a live painting demonstration by a local artist and a collection of pieces by Albany Junior and Albany Senior School students too. Put it in your diary and see you there!
