

Greenhithe: A Vibrant Multicultural Community

Nestled among beautiful landscapes, Greenhithe offers a rare "village-style" atmosphere designed for families and explorers alike. Enjoy seamless access to local medical centers, beauty boutiques, and charming eateries. From weekend sports to sunset strolls in our three pristine parks, Greenhithe is more than a location—it's a community where everyone belongs.

Greenhithe's Wainoni Park in the Upper Harbour Local Board area has won the coveted Green Flag award, an internationally recognised quality mark for parks and green spaces. The Green Flag Award scheme evaluates parks based on criteria such as service quality, safety, maintenance, community involvement and sustainability.

"Wainoni Park is such a beautiful park and peaceful oasis. The park is much loved by our Greenhithe community, and this award is a testament to the hard work that goes into looking after it by the community and council staff."

Wainoni Park Pony Club offers expansive grounds to ride your own horse or pony with floodlit all-weather arenas, showjumping and cross country courses.

Greenhithe Wharf is a popular recreational spot known for swimming, boating, and scenic views of the Waitemata Harbour. The site features a large, flat pontoon, making it safe for jumping and easy to access for kayaks.

Greenhithe offers several scenic walking routes, ranging from easy urban park loops to foreshore bush tracks. Many of these walks are dog-friendly and pass through residential reserves and coastal esplanades.

Collins Park has a new skate park and children's playground, and across the street is the popular Collin's cafe, the perfect spot for a cuppa, lunch, or dinner.
